Hi everyone,

Have had great feedback re noting web sites to support curriculum topics through this publication. Webwatch page in the NZ Education Gazette is the source providing online information, resources and sites that are relevant to teaching and learning in New Zealand - www.tki.org.nz

NZQA & NCEA updates www.nzqa.govt.nz

The NZ Curriculum Online http://nzcurriculum.tki.org.nz

Information Literacy and ICT http://www.tki.org.nz/e/community/ict/

Integrating Mathematics into the Curriculum: http://www.tki.org.nz/e/community/maths/

EPIC resources including Britannica Encyclopaedia, newspapers, magazine, reference books, journals and much more http://epic.org.nz/ni/epic.html

Contents pages from periodicals are listed below for the benefit of those interested in Professional Development research & study. Please indicate if you require a copy of any of the articles. Quite a number of periodicals have come in during the last month.

Reading/signing of the book “Piggity-Wiggity Jiggity Jig” was a great success during Library Week celebrations. Thanks to Dayle, Liz, Bev, Jane and Janet for presenting this so well. Still can’t beat the old fashioned way of presenting a book – reading aloud/signing – brings the story alive and everyone enjoys the adventure.

For future development of the Library/ Resource Centre I would appreciate feedback by way of the Evaluation Form re this publication “Library Insider”.

Happy reading

Margaret Hunt
Library Resource Coordinator
