Being the last Insider for 2009 just a general reminder to all staff, to make sure that senior students if leaving school early to return all resources before departing and for all other areas to have resources returned to van Asch Library by 30 November 2009. This is very important as the Stocktake cannot start until the returns have been processed.

It has been a great year of change for the van Asch Library. The change of use, doubling as a Common Room has been very successful. Student’s have taken more ownership of the space, showing pride and enjoyment in the variety of stations that are available to them at breaks and lunchtime. Never failing to share their views on future requirements!

At present the library is flourishing with displays depicting the stories used in this years drama. A variety between Maori legend: Rata the Wanderer, an off beat fun Nursery Story: Little Red Rocking Hood, and the story of Rumplestiltskin. Congratulations to all participants – well done.

There seems to be a long list of periodicals in this edition, please let me know if I can assist with copies of articles to support research and professional development.

On behalf of the library team, Dayle, Bev & myself, we wish you a pleasant break over the summer holidays and look forward to working with you all next year.

*Margaret Hunt*
Library Resource Coordinator
