# Main Building

1979

Main Building was first used in March 1904. It was completed in 1918. The classrooms were on the second storey. The girl's and boy's dormitories were in separate wings on the first floor. The building contained a large dining room, kitchen, bathrooms, staff bedrooms, director's office and a home for his family. The building was demolished in April 1980 due to earthquake risks.
